## Kym's Korner

Report cards will go home this week and parent interviews will be taking place on Thursday in week 10. Report cards will be emailed so keep an eye on your emails to make sure you get your copy.

Congratulations to the students on their effort and behaviour at the inter-house sports carnival last week. What an amazing day! The Cambooya and District Athletics Trials will also be held next week on Wednesday. Forms with your students' nominations were sent home on Tuesday. Please return the bottom permission section to the office by Friday so we can finalise the nominations. Keep the rest of the paperwork so that your child knows what they are nominated for. Any students not nominated will stay at school and there will be work for them to complete. Next Friday is the last day of the term so it will be free dress. Don't forget—no singlet tops—hats and sports shoes must be worn.

## Report Cards

It is not long now before the end of the first semester of school for 2022. And that means... reports cards will be coming home!!

Student reports often bring mixed feelings for parents. There is pleasure and pride if they are performing well but there is also considerable angst when children are not progressing as you hoped.

Reports can also mean anxious times for children. Will my parents be disappointed or proud? This is the main concern of most children. Kids of all ages take their cues from their parents, so your reaction to their school report can affect the way they see themselves as learners and as people.

Before you open the email containing the report, do a little self-check to see if you are in the right frame of mind:

*Are your expectations for your son or daughter realistic and in line with their ability?*

*Do you believe that children learn at different rates?*

*Are you willing to safeguard your child's self-esteem rather than deflate it?*

Michael Grose details some ideas to consider when you open your child's report in his article 'Reading your child's report'. This article can be found on our website and we recommend that you take the time to read it. At Wellcamp SS we understand that reports can also be confusing and that is why it is so important to arrange an interview with your son or daughter's teacher. Often, many of your concerns can be easily cleared up when explained by the class teacher. It is also a good opportunity to form a valuable partnership with your son or daughter's teacher, especially if your child is experiencing difficulty.
